Do you want to earn money? My requirements are following if you have UPWORK.com account:

1. You offer me remote pc, I will work on your remote pc via anydesk or teamviewer, It will be 24/7 online and power on. (only use browser to browse upwork.com)
2. You offer me you upwork account info, email, and payment information.
3. You should speak English intermediate because Upwork support team often requires video verification in English, you must pass this interview.
4. You should have knowledge about Programming including javascript, mysql, mongodb etc.
5. If everything is OK , I will pay you 15% of my income.
   That 's all. Very simple. If you accept my requirement, we can earn money exactly per month.

I am sure you know about upwork.com. Upwork.com is just job site. There are many developers on there, but Asian's price is too cheap. So I want to work as a European. I have already worked with several European partners and they earned 3k per year by me.

If you agree with me and you think I am suitable for you, please contact me here:
